

EARTHWOOL®

the feel good glasswool insulation

with **ECOSE®** TECHNOLOGY

Insulation solutions for:

Ceilings

Under floors

Walls

Internal walls
(acoustic)

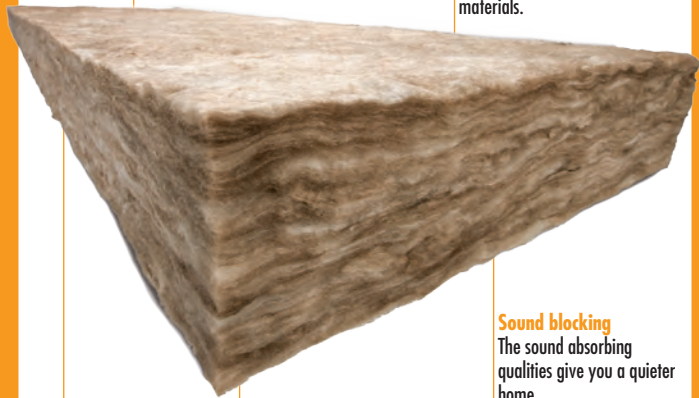

Keeping your home cooler in summer and warmer in winter with insulation that's sustainable and user friendly, has got to feel good.

Reduced handling

Unique compression packaging means more insulation per pack and more insulation per load.

Less itch

The super-soft feel comes from ECOSE® Technology, a revolutionary, patented binder based on rapidly renewable materials.

Fire safe

You'll be glad to know it's completely non-combustible.

Made using recycled glass

Made using recycled glass bottles and sand, it's a great choice for the environmentally conscious.

Sound blocking

The sound absorbing qualities give you a quieter home.
